Accrual Dates Appeal Denied

"The hearing officer for the State Employees' Appeals Commission hearby submits the following recommendation ...: That the relief requested by the Teachers who are Petitioners in the appeal of Sally DeNardin, et al. versus Indiana School for the Deaf and State Personnel Department concerning retroactive application of the June 5, 1992 policy on adjusting accrual dates for nine-month employees should be denied.

That this appeal remains open for those Petitioners who are not Teachers pending the outcome of negotiations between the exclusive representatives of their bargaining units and the State of Indiana."

Name Changes

The Division of Aging and Rehabilitative Services (DARS) of the State's Family and Social Services Administration (FSSA) becomes the Division of Disability, Aging, and Rehabilitative Services (DDARS) effective July 1. The Bureau of Aging Services will become the Bureau of Aging and In-Home Services on the same date.

Two new bureaus, The Disability Determination Bureau and the Rehabilitation Services Bureau (which includes Vocational Rehabilitation, Deaf and Hard of Hearing Services, and Blind and Visually Impaired Services) were created within FSSA under a reorganization which became law January 1, 1992.

A new bureau, The Bureau of Developmental Disabilities Services begins operations July 1.

National RID Conference in Evansville

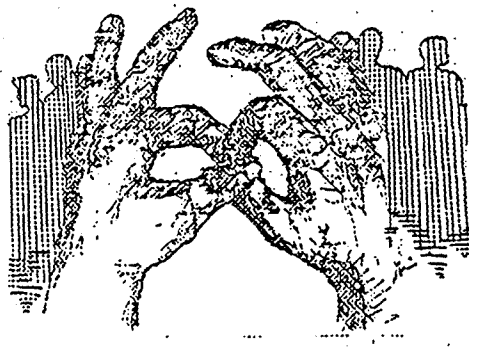
Payroll Info

State Auditor Ann DeVore has contacted ISD's payroll office concerning the possible impact of the State's budget impasse on payroll at the school. All employees on the "A" Cycle will receive paychecks on June 30.

Employees on the "B" Cycle should receive checks on July 7th but no funds have been appropriated to meet that need. DeVore explained that several alternatives are being pursued to assure continued operations.



A Message From The Superintendent...

Dear ISD Staff and Parents:

June 24 marked the completion of my 1st year as Superintendent at the Indiana Deaf School.

This past school year was another year of growth and opportunity for self-assessment for ISD. The school again encountered several issues and changes that were very important to its transition.

As rewarding as the 1992-1993 school year was to me personally, I look forward to the future with greater optimism. I believe we have established strategies which I think will enable the school and its community to realize continued growth and opportunity.

I remain grateful to each and every one of you for your strong effort during this past year and your commitment to constant improvement.

I also appreciate students, alumni, and community friends for their on-going confidence and loyalty.

Warmly,

Eddy F. Laird
Superintendent

The ISD Campus Bulletin is published weekly throughout the school year. This is the first of three Special Summer Editions.

From the Past

Corrections

(CB Vol. 1 #38 - June 3,1993) In 1936 the school paper was ***The Hoosier***, not "The Indiana Hoosier."

(CB Vol. 1 #37 - May 27, 1993) Re: previous locations of the school - East Washington Street (Not West!) - October 3, 1850 - 1911

Museum Update

ISD is now in actively working at the ISD Museum located in Alumni Hall. The current focus on the museum is an outgrowth of preparations for the Sesquicentennial Celebration, but the museum itself will be an ongoing project for years to come. Furniture, pictures and other items have been collected from all over campus. Some of these objects will be restored to their original condition.

Alumni and community members who have pictures, furniture, or other articles of historic interest are encouraged to contact Special Projects Coordinator Winona Alter and ISDAA Museum Coordinator David Reynolds. All donations will be graciously acknowledged.
